Palm Beach	W. Palm Beach	Yes	29	Novell 4.12	?	?	?	?	?	County Maintained Network
	NOTE: Twenty 10BT NICs, two 8 port hubs, and 1000' of CAT5 cable (stranded) have already been purchased for Dist. V under last year's Fed. Connectivity Grant. Additionally, three Cisco 2500 series routers, and three General Datacomm CSU/DSU's were purchased for Dade, Collier, and Hendry Counties. The items are currently being stored at SWFREC.									
	* Upgrade requires punchdown blocks, wall jacks, patch and drop cables for 25 drops.
